The grant is the equivalent to the rates bill of the business in 2019 or a minimum grant of €2,000, with a maximum grant of €10,000. The application form is available online from all local authority websites.

Sustaining Enterprise Fund:

The Sustaining Enterprise Fund of up to €180 million is specifically aimed at firms operating in the manufacturing and internationally traded services sectors, with 10 or more employees, that are vulnerable but viable.

The fund is operated by Enterprise Ireland, providing repayable advances of up to €800,000 as agreed with the EU under new State Aid rules.

Sustaining Enterprise Fund for Small Enterprise:

As part of the Sustaining Enterprise Fund, Enterprise Ireland operates a specific Sustaining Enterprise Fund for Small Enterprise. This fund provides a short term working capital injection of up to €50,000 to eligible smaller companies to support business continuity and strengthen their ability to return to growth.

Pandemic Stabilisation and Recovery Fund:

The Ireland Strategic Investment Fund will focus on investment in medium and large scale enterprises in Ireland through a Pandemic Stabilisation and Recovery Fund. The fund, worth up to €2 billion, will make capital available to medium and large enterprises on commercial terms.

COVID Products Scheme:

The COVID Products Scheme will allow for up to €200m in targeted State support to facilitate the research and development of COVID products, to enable the construction or upgrading of testing and up scaling infrastructures that contribute to the development COVID-19 relevant products, as well as to support the production of products needed to respond to the outbreak. The scheme will be delivered through IDA Ireland and Enterprise Ireland.

COVID-19 Income Supports Scheme:

The COVID-19 Income Support Scheme provides financial support to Irish workers and businesses affected by the crisis.

- **COVID-19 Wage Subsidy Scheme:** The COVID-19 Wage Subsidy Scheme, operated by Revenue, enables employees, whose employers are affected by the pandemic, to receive significant supports directly from their employer through the payroll system.
- **Pandemic Unemployment Payment:** The COVID-19 Pandemic Unemployment Payment is a payment of €350 per week. It is available to all employees and the self-employed who have lost their job due to the COVID-19 pandemic. MyWelfare.ie is the

quickest and easiest way to apply for payments - all you need is your email address, PPSN and bank account details.

- On MyWelfare.ie all customers can
 - apply for the Covid-19 Pandemic Unemployment Payment
 - apply for Enhanced Illness Benefit for COVID-19 including for self-isolation cases
 - apply for a jobseeker's payment
 - request to close their Covid-19 Pandemic Unemployment Payment.

Short-time Work Support:

Employees of businesses that need to reduce hours or days worked can avail of the Department of Employment Affairs and Social Protection Short-time Work Support.

General grant supports:

The full range of Enterprise Ireland, IDA Ireland, Local Enterprise Office and Údarás na Gaeltachta grant supports continue to be available to eligible firms to help with strategies to access finance, commence or ramp-up online trading activity, reconfigure business models, cut costs, innovate, diversify markets and supply chains and to improve competitiveness.

Trading Online Voucher:

The Local Enterprise Office Trading Online Voucher is a government grant scheme, designed to assist small businesses with up to 10 employees.

It offers financial assistance of up to €2,500 along with training and advice to help your business trade online. Businesses that have already received a Trading Online Voucher can now apply for a second voucher, where upgrades are required.

Government supports (continued)

LEAN for Micro is available to Local Enterprise Office clients to help build resilience within small companies. Businesses can avail of consultancy support with a LEAN Expert or help to implement new remote working and physical distancing guidelines. Contact your Local Enterprise Office for further details.

COVID-19 Business Financial Planning Grant:

The COVID-19 Business Financial Planning Grant, worth up to €5,000, is designed to help companies to develop a robust financial plan, including the preparation of documentation required to support applications for external finance from banks and/or other finance providers.

The grant is a new support for Enterprise Ireland clients and those manufacturing or internationally traded services companies that employ 10 or more full time employees.

Lean Business Improvement Voucher:

The Lean Business Continuity Voucher is available to eligible companies to access up to €2,500 in training or advisory services support related to the continued operation of their businesses during the current pandemic.

It is open to small, medium or large client companies of Enterprise Ireland or Údarás na Gaeltachta (including High Potential Start-ups). The voucher may be used to obtain services from approved providers.

Cross-border companies:

InterTradelreland's Emergency Business Solutions offers professional

advice, to the value of €2,250, to address key business challenges related to COVID-19. The E-Merge programme provides €2,800 consultancy support to help cross-border businesses develop online sales and eCommerce solutions.

'Warehousing' of deferred tax debts:

The scheme, administered by Revenue, will 'warehouse' VAT and PAYE (Employer) debts associated with the COVID-19 crisis.

Commercial rates waiver:

Commercial rates are being waived for a three month period beginning on 27 March 2020 for businesses that have been forced to close due to public health requirements.

The Department of Housing, Planning and Local Government is preparing guidance on the scope and application of the waiver for local authorities. When finalised, updates will be available on housing.gov.ie and from local authorities.

Food, drink and horticulture sector:

Bord Bia's 'Navigating Change' COVID-19 Response programme offers a suite of supports for food, drink and horticulture businesses affected by COVID-19.

Seafood sector:

Bord Iascaigh Mhara is providing COVID-19 business support to the seafood sector.

Farm businesses:

Teagasc is available to provide support on issues facing farm businesses in light of COVID-19.

Restaurants to operate as takeaways:

Amendments to Planning and Development Regulations temporarily allow restaurants to operate as takeaways - whereby members of the public can order food for collection for consumption off-premises or have food delivered for consumption off-premises - without being required to obtain change of use planning permission to operate as takeaways.

Supply chain workers:

The Department of Transport, Tourism and Sport and the Department of Health have prepared COVID-19 guidance for supply chain workers. The guidance provides these essential workers with information as regards their continued work, the importance of access to sanitary facilities and the importance of maintaining all elements of the supply chain.

Tourism sector:

In response to the COVID-19 crisis and the impact on the tourism sector, the Fáilte Ireland COVID-19 Business Support Hub is targeting its supports to respond to the challenges tourism businesses are now facing. Their supports include specific reopening guidelines for every sector.

Culture sector:

The Department of Culture, Heritage and the Gaeltacht has provided details of the COVID-19 supports for artists and those working in the arts sector.

Design sector:

The Design & Craft Council Ireland delivers a range of support and development programmes, including webinars and FAQs in response to COVID-19.

Government supports (continued)

Childcare providers:

The Department of Children and Youth Affairs has announced a funding package of €75 million for reopening early learning and childcare services from the 29 June. The grants will help with additional costs associated with reopening after COVID-19.

Training and Mentoring:

Enterprise Ireland's eLearn is an online learning resource where you can access over 400 pieces of customised content designed for Irish SMEs. The Local Enterprise Offices have moved training programmes, workshops and networking meet-ups online, covering areas such as cash management in a crisis, leading your business through COVID-19 and advice for employers impacted by the crisis - to find out more telephone or email your Local Enterprise Office.

Standards for medical supplies made freely available:

NSAI and SAI Global have developed the COVID-19 Response Package which provides free access to Standards for medical devices and PPE.

Filing of annual returns:

The Companies Registration Office has introduced further changes to annual filing obligations for companies to assist companies during the COVID-19 crisis.

Supports for businesses impacted by COVID-19

Booklet details the key supports and resources available to help businesses impacted by COVID-19.

First Responder support service:

The Department of Employment Affairs and Social Protection and the Department of Business, Enterprise

and Innovation will provide a joint First Responder support service through the Intreo Offices and development agencies, Enterprise Ireland and IDA Ireland in each region to provide tailored supports for impacted firms.

Online COVID-19 platform to help firms collaborate:

Companies aiming to help healthcare responses to the COVID-19 crisis can collaborate via a new online COVID-19 platform. Spearheaded by InterTradelreland and TechIreland, the cross-border platform allows businesses to see quickly, in and beyond their region, who they can work with to combat supply chain and manufacturing challenges generated by the pandemic.

COVID-19 Rapid Response Funding:

A Rapid Response Research and Innovation programme was developed by the government's research and innovation agencies to fund RD&I activities that will deliver significant and timely impact for Ireland in the context of the COVID-19 pandemic.

Focus on skills:

Skillnet Ireland is supporting enterprises, across 70 learning networks as they address issues such as business continuity, financial planning, digital transformation and service innovation.

The network of Regional Skills Fora provides a single contact point in each region to help employers connect with the range of services and supports available across the education and training system.

SOLAS provides training to companies and their employees through the Skills to Advance

initiative and through online courses on the eCollege platform, which are now free to all learners.

Guidance on the requirements relating to the manufacture and distribution of medical devices, PPE and barrier masks:

- **Placing PPE on the EU market – new conformity procedures:** HSA COVID-19 Conformity Assessment and Market Surveillance procedures for PPE
- **Manufacturing and importing PPE and medical devices:** NSAI Guidance on manufacturing and importing PPE and Medical Devices to ensure compliance

Where to Find Online Training Courses

Online education has been on the rise for several years now, but the COVID-19 pandemic has produced a huge surge of interest in online training programs in a number of ways. Interest in online

professional training, continuing education, and college courses have also been renewed.

Here are 10 of the best platforms for internet-based training and education:

Udemy - Udemy is one of the most popular online learning platforms with more than 100,000 courses on a variety of topics ranging from business to personal development. Udemy for Business provides services for companies who want to use the platform for professional training for their employees. [udemy.com](https://www.udemy.com)

Teachable - Teachable is a platform that allows anyone to create a course and teach the skills they have to others. People looking for courses can do so by searching their catalog. Through Discover, some courses are made available for free on a limited-time basis. [teachable.com](https://www.teachable.com)

Coursera - Coursera has carved out a niche for itself by partnering with more than 200 universities and companies to offer college and professional coursework leading to certifications and degrees. Coursera for Business allows companies to upskill employees easily with courses provided by world-class educational institutions. [coursera.org](https://www.coursera.org)

Skillshare - Skillshare is a peer-to-peer education platform allowing anyone to create a course and teach others practical skills such as animation and design and writing. They also provide lifestyle and business courses. [skillshare.com](https://www.skillshare.com)

Google Classroom - Google Classroom allows schools, non-profits, and others a way to deliver online education if they have a Google account. Users log in with their Google accounts and can choose to join a class or create a class. To join a class, you need the class code, so it's a much more controlled environment than other platforms on this list. classroom.google.com

edX - edX is a smaller version of Coursera, allowing anyone to take college courses online. This platform also offers online certification and degree programs, including "Micro" bachelor's and master's programs. edx.org

LinkedIn Learning - Formerly called Lynda, LinkedIn Learning allows professionals to upscale their skills online. What's unique about it is you can join LinkedIn Learning as a standalone or upgrade your LinkedIn membership to gain access to training resources for free. [linkedin.com/learning/me](https://www.linkedin.com/learning/me)

Khan Academy - Khan Academy is a nonprofit entity that provides educational resources and online training for K-12 classrooms as well as colleges and universities. One of the benefits of Khan Academy is being able to personalise your child's learning. [khanacademy.org](https://www.khanacademy.org)

TED - TED is an acronym that stands for Technology, Entertainment, and Design. Started in 1984, professionals from a variety of backgrounds share their knowledge through short talks. TEDx expands TED's mission to local communities globally while TEDEd is TED's youth and education initiative allowing teachers and students to connect in a new way. [ted.com](https://www.ted.com)

YouTube - Chances are, you're already familiar with YouTube. Not only can you hear your favourite music from your favourite bands and watch the news on YouTube, but you can also get some of the best how-to videos online. In fact, the breadth of free educational videos on YouTube is incredible.

If there is anything you want to learn, there is likely a way to learn it online. You just have to find the right resource. And much of the training is free.

Access to finance schemes

A wide range of supports is now available for companies at all stages of their life-cycle – from start-ups and early stage companies to those seeking to scale and grow.

Brexit Loan Scheme

The Brexit Loan Scheme is a €300 million loan scheme offering competitively priced loans to eligible Irish SMEs and small mid-caps of up to 499 employees. Scheme features include:

- Loan amount from €25,000 up to a maximum of €1,500,000
- Loan term of up to 3 years
- Loans less than €500,000 will be unsecured
- Interest rate of 4% or less
- Optional interest-only repayments provided at the start of the loans
- Loans can be used for future working capital requirements and to fund innovation, change or adaption of the business to mitigate the impact of Brexit

How to apply - shorturl.at/psuG2

Future Growth Loan Scheme

The Future Growth Loan Scheme makes up to €300 million of loans available with a term of 8-10 years. This scheme is available to eligible businesses in Ireland, including those in the primary agriculture (farmers) and seafood sectors, to support strategic long-term investment.

- Loans from €100,000 (€50,000 for farmers) to €3 million
- Loan terms of 8-10 years
- Loans less than €500,000 will be unsecured.
- Initial maximum interest rate is capped at 4.5% for loans up to €249,999 and 3.5% for loans more than or equal to €250,000 for the first six months. The rates thereafter are variable and will be dependent on the

cost of funds at that point in time, however the credit margin component of the price has been capped. These rates represent a significant saving compared with the prevailing rates that are otherwise being offered for similar loans on the market.

The Future Growth Loan Scheme is offered by the Government of Ireland, through the Department of Business, Enterprise and Innovation and the Department of Agriculture, Food and the Marine, the Strategic Banking Corporation of Ireland, supported by the EIB Group's Guarantee Facility. The scheme is operated by the Strategic Banking Corporation of Ireland (SBCI) through participating lenders.

SME Credit Guarantee Scheme

The SME Credit Guarantee Scheme aims to assist viable SMEs, which under normal lending criteria are unable to borrow from their bank, in accessing credit. The scheme operates by providing an 80% guarantee (previously 75%) to participating finance providers (currently AIB, Bank of Ireland and Ulster Bank) on qualifying facilities to SMEs.

- Loan size: from €10,000 to €1 million
- Loan term: up to 7 years
- Loan type: term loans, demand loans and performance bonds

The scheme has been designed to address three barriers to lending:

- Inadequate collateral
- Novel business market, sector or technology which is perceived by finance providers as higher risk under current credit risk evaluation practices
- Need for refinancing caused by the exit of an SMEs lender from the Irish market

The Scheme is operated on behalf

of the Department by the Strategic Banking Corporation of Ireland (SBCI) and is available from the participating banks. If you are an SME and are encountering one of the 3 barriers set out above, you can approach one of the 3 participating banks and ask for a loan under the scheme.

Microenterprise Loan Fund

The Microenterprise Loan Fund was launched in 2012 to improve access to credit for Microenterprises, and facilitate the growth and expansion of viable businesses from all industry sectors across the country, which do not have access to credit from the banks.

Scheme features include:

- Loan amount from €5,000 up to a maximum of €25,000
- Loan term of up to 3 years (5 years for business expansion loans)
- Free mentoring (where deemed appropriate)

The Fund is administered by Microfinance Ireland (MFI) who make loans of up to €25,000 to start-up, newly established, or growing microenterprises employing less than 10 people, with viable business propositions that do not meet the conventional risk criteria applied by banks. If you are a microenterprise and want to access a loan from the Microenterprise Loan Fund, you can apply directly to Microfinance Ireland.

Credit Review

Credit Review provides a simple and effective review process for small and medium-sized enterprises (SMEs), sole traders and farm enterprises refused credit from Allied Irish Bank, Bank of Ireland, PTSB and Ulster Bank.
